

# Form: Example Application

## Do you know ...

DYK our **Mileage Logging** forms enable companies to accurately track distances traveled by their vehicles?

- Starting/ending odometer readings can be entered into the form to track mileage each day.
- Odometer photos can be attached to verify the entered mileage readings.
- Details of a specific trip's starting point and destination can be entered via the **Trip Name** field.

The digital mileage tracking our application provides helps **increase accountability, fuel efficiency, and regulatory compliance.**
