

## Do you know ...

Our **rental property inspection forms** document conditions pre / post move-in:

- Form fields can be customized based on the property's unique attributes.
- Photographs and signatures (from renters and inspectors) can be included to verify the normal wear and tear vs. tenant damage.
- Property managers can be alerted to repairs needed or if security deposits can be returned to the renter.

The digital forms help managers / owners **plan for routine (or more immediate) maintenance** and **provide greater tenant satisfaction**.

The screenshot displays a mobile application interface for a 'Rental Property Inspection' form. The form is titled 'Living Room' and is organized into sections for 'Move In' and 'Move Out' conditions. The 'Move In' section includes 'Floor Coverings' (Good) and 'Window Coverings' (Good). The 'Move Out' section includes 'Floors & Floor Coverings' (Good), 'Window Coverings' (Poor), 'Walls & Ceilings' (Excellent), and 'Walls & Ceilings' (Good). The 'Light Fixtures' section is also visible, showing 'Excellent'.
