

Reporting

Customize Analyze the data that's most important to you.

Precision

Eliminate the chances of human error in calculations.

Automate Schedule reports to run whenever you want.

Share Instantly distribute information to others.

Take your business to the next level.

Key Benefits

- · Converting data into a graph format makes it easier than ever to spot trends.
- Review employee productivity stats at the drop of a dime to ensure even work distribution.
- Determine more efficient business strategies based on real, accurate data.
- Stay on top of inventory needs with a top-level accounting of current resource numbers.

Learn more from your field-collected data.

Our reports give you the ability to easily sort and analyze the data collected in the field so you can review the information that is most relevant to your current needs. With Actsoft's robust reporting system, schedule regular reports and/or run them on the fly; each one provides an easily digestible account of your workers' activity.
