## Mission:

Austin Fire, which was founded on September 25, 1857, provides our community with services to not just meet their expectations, but to exceed them whenever possible. Responsive, high-quality public safety provided by dedicated Austin Fire personnel build community capital in our department—the “profit” we make in exchange for those services—which directly determines the level of trust our various stakeholders have in the department’s leadership to make decisions in their best interests.
