Mission:

Environmental Services Department works to protect public health, properties, environmental and natural resources through effective management strategies, public education, and engagement with the community to create a clean, safe, and green city. It safeguards against pollution through litter prevention and reduction efforts and through improved waste management. Teams are committed to environmental stewardship practices and behaviors through compliance, pollution prevention, sustainability, recycling and reuse. They provide residents with services, technical guidance, and volunteer opportunities to support achievement of City goals.
