### Site:

<https://finance.lacity.gov>

### Mission:

The Office of Finance aims “to provide efficient, effective and responsible revenue collection and treasury services through a customer focused environment to taxpayers and City departments through management, assessment and application of best practices.” Finance serves as the custodian of all money deposited in the City Treasury, including managing the City’s investment portfolio and cash and debt management programs. It also collects City taxes and revenue from licenses, permits and fees other than those administered directly by other City departments. Most of this revenue goes into the City’s General Fund to support essential services such as those provided by the Police, Fire, Library, and Street Services Departments.

### Contacts and Stakeholders Information:

Diana Mangioglu – Director of Finance
