Mission:

With an overarching mission to eliminate ageism and ensure the dignity and quality of life of approximately 1.775 million older New Yorkers, the NYC Department for the Aging is deeply committed to helping older adults age in their homes and creating a community-care approach that reflects a model age-inclusive city.

We accomplish these goals by partnering with hundreds of community-based organizations to provide services through older adult centers, naturally occurring retirement communities, case-management and home-care agencies, home-delivered meal programs, mental health, caregiver support, and friendly visiting programs, and much more in each borough.
