## Site:

<https://www.agricultura.pr/>

## Mission:

We promote the proper use of agricultural lands for present and future generations.

We support improved agricultural practices through innovation and education.

We incentivize agricultural industry components to increase the production of value-added foods.

We develop alliances to market agricultural products and provide healthy food to the people.

We promote strategies for the development of sustainable agriculture.

We innovate by developing platforms for real-time data analysis to improve service efficiency and agricultural productivity.
