Mission:

The Seattle Office of Housing (OH) increases opportunities for people of all incomes to live in our city. We manage investments in affordable housing and programs to fund the preservation and production of affordable homes in Seattle. We oversee compliance on the homes we invest in to ensure that residents live in safety and care. We establish long-term strategic plans, develop and implement policy-based tools, and address housing-related aspects of citywide land use and community development planning.

Mission

We partner to create affordable housing by equitably investing to prevent displacement and increase opportunities for people to live in Seattle.

Vision

Everyone has a healthy and affordable home.
